ECS Configuration Change Request

CCR No. 97-0134	**Logged Date** 2/4/97	**Rev.** -	**Request Type** CCR

Priority Routine ☐ Urgent ☒ Emergency ☐	**Affected Release**	**Change Class** I I

Title (description)
Create databases and Sybase accounts on relbhp

Documents Affected None	**Source Nos** (RID, NCR, Action Item, GSFC CCR, etc.) **or Tech Reference** None

RTM Change ☐ **Start New Baseline** ☐

Problem
Need development databases and Sybase user accounts on server relbhp.

Proposed Solution

1. This machine has no Sybase user accounts as far as we can tell for its developers, so please create Sybase logins for: tvu, tdinh, apetit, gchang, schang, jbao, lcase, jmarin, jshirley, tblackwe, sgurrapa, wblake, and ahall.

2. Create database "IoAdAdvService_OPS" on the Sybase server on relbhp. Make jbao be the dbo of this database. Make lcase, tvu, and tdinh be aliased to the dbo in this database. Make tblackwe and ahall be users in this database.

3. Create database "EcDmDictService_OPS" on the Sybase server on relbhp. Make jbao be the dbo of this database. Make lcase and schang be aliased to the dbo in this database. Make apetit, gchang, schang, jmarin, jshirley, sgurrapa, wblake be users in this database.

4. Lastly, we need to add relbhp_srvr to /tools/sybase/interfaces
